Can love DCG #3

The remedy is designed to antidote the physiological infections in the brain that cause the inability to love. The issue is so fundamental to our actions that the remedy releases many blocks to our destiny.

Heart merge DCG #2

Aimed at removing the blocks to a union so deep it feels like the hearts merge and share as one.

Loving mate DCG #1

Designed to remove the blocking virus and related pathogens to attracting your mate.

Others can love DCG #5

The most common symptom of this block is concluding you have to direct or do most everything. You can serve the world elegantly, but if you block the love others want to give you, you block the destiny of your gift and yourself.

Purpose Find DCG #6

This formula is for the virus combination that produces a feeling of inability to find your purpose in life.

Receive and accept love DCG #4

An antidote to the fundamental blocks to all aspects of our destiny. Physiologically the infection in the brain nerves affects most visceral actions. You therefore feel the block in every part of you. In some way your body and psyche literally cringe from the prospect of receiving or accepting love. You may have acclimated to the cringe propensity. This remedy is designed to make cringe uncommon and welcome of love more easy.

Successful at purpose DCG #7

The universe has arranged that you can be prosperous and successful at performing your life purpose. This formula is for the physiological infections that get between that truth and your perception of that truth.
